Arthur Yorath Gassed

Word has reached Commissioner Yorath, of Saskatoon, that his brother, Arthur, was admitted to a British Hospital during the latter part of August suffering from the effects of gas. Private Yorath is well known in Oyen and district having farmed here since 1911. He enlisted in 1915 in the P. P. C. L. I. He has been in practically all the engagements that this famous regiment has participated in since that time. He was slightly injured on a previous occasion. He and Noel Davison, of Alaska, who has rejoined the Pats were in the same company and became fast friends during their service abroad. At the time Sergeant Davison was at home, he had a good deal to say as to Private Yorath's qualities, the remarks which will be thoroughly concurred in by all his friends here. A brother, Thomas Yorath, is also a member of the same unit, and who, so far, has passed through unscathed.

Corp. W. Donaldson, who has been undergoing medical treatment in the Soldiers' Home, Ogden, arrived in town last Sunday morning.

R. L. Ruardon, Empire Lumber Company, was in town last Thursday.

Tribunals to be Appointed By the End of Sept.

All tribunals under the Military Service Act must be appointed by the end of September. If the appointments are not made by then, the Minister of Justice is empowered to fill the vacancies. An order-in-council to this effect has been passed.

This is an indication that the first call for recruits may come almost any time. All those men coming within the first class are urged by the Military Service Board to submit themselves for examination to the medical boards which will shortly be established in all the centers of population. A leaflet will soon be out explaining the scope of the act.

Board of Trade Meet

At a meeting of the Oyen Board of Trade held last Friday, it was decided that a meeting of the citizens of Oyen be held in the Methodist church, on Friday next. This meeting is called in order that the citizens may voice their sentiments with regard to the win-the-war government. It does not matter what your politics are, but it is up to you as a citizen to be present at this meeting and, if possible, pledge yourself to support a government which will be for the best interests of our country and one which will do all it is possible to do to prosecute the war to a successful finish.

Universal Service

One good result of the war is that it has aroused a spirit of service in every loyal citizen of Canada. The time has come when every one must take upon himself a certain amount of responsibility, and when one must not only think of self, but also of his neighbor. Today there is no place for the time-waster, the sluggard and the loafer. Every individual must realize the true spirit of national service and the call comes to every one to be at his post no matter where it is—on the farm, at the work-shop or in the trenches. We cannot live that old selfish life doing all for ourselves, but each must have a new purpose in life, that is, to be served only by thoughts, and skill and intelligence, untiring effort. As true citizens of Canada we owe it to give the fruits of our highest endeavors. In order that Canada may help in this great struggle which is now raging over in Europe and that the boys at the front may be stimulated with the courage to hold out, it is to know that those of us who are here, are doing our "bit" in any service which will add to the nation's greatness. Don't be a cipher; be somebody; do something.

Price Set for Wheat At \$2.21

The price for wheat has at last been set by the government at \$2.21 per bushel at the terminal elevators at Fort Williams and Port Arthur.

A good many farmers will agree that it is only right to set a price on the wheat, yet it seems to us that the government should go further than this in order that the farmer

CANADIAN BOYS ESCAPE FROM GERMAN PRISON

should get a square deal. While the farmer is having to pay high prices for labor and farm machinery, it is only fair, in order to encourage the farmer to produce all he can, that the government should set a price on labor, machinery and other articles which a farmer has to get before he can produce his crop.

An Emergency Appeal To Help

No language can possibly describe the sad state of the condition of the French towns and villages evacuated by the Germans. Destruction is complete. Nothing remains but ruin. Scarcely a remnant of a house remains in the whole devastated and shell-torn area. The love of home is bringing the people back in ever-increasing numbers to this region. No living accommodation can be found. The able-bodied boys and girls of 14 years and over have been deported to Germany, leaving the re-making of the homes to the old and weak, who are almost overwhelmed with suffering to realize that they are no longer under the rule of the Boche. Money is needed, and needed urgently, to provide these war-stricken people with provisions, kitchen utensils and tents.

All contributions to the Appeal will be gratefully received by the Bank of Toronto, Oyen. Give something today. Your contribution will make joy where sorrow now exists.

The following extract taken from a letter to Mr. Shaw is quite short but revealing—

"I wonder if you'll think me terribly inconsiderate, but my excuse is that I have been right up within five miles of the Germans, and seen the absolute fiendishness of their destruction of the villages—their treatment of the wretched people one simply can't write about. The only ones left behind being the children under 14, and old women and men. A few young women with tiny babies there are, but their tale is too pitiful for words, and must remain a nightmare all their lives. France has not the time, money or personnel to attend to these things, our organization is ready to cope with the situation, and continue to do so as long as we have funds. I do so very much hope that I am not appealing in vain to the generosity of Winnipeg, through you. There is such a wide area and thank

goodness it has been tackled in a businesslike way, since the first rush, when the dreadful needs and requirements of these poor people first became known.

ObituaryM^{rs}. Bina Shunn, of Sibbald

We deeply regret to have to announce the death of M^{rs}. Bina Shunn, of Sibbald, which occurred at her residence on Saturday last. M^{rs}. Shunn had been ill for several weeks and for some days there was little hope of her recovery. She died at the age of 75 years.

The deceased was well known in the Oyen district, having lived with her son, Mr. Vick Shunn for several years, previous to residing at Sibbald.

The funeral service was held at Sibbald, on Sunday last, by Rev. L. E. Barnes, after which the body was taken to Alaska for interment.

This is the second death in the Shunn family in two weeks. Albert, the eldest son of Mr. and Mrs. William Shunn, died on the first of September and the remains were interred in the Alaska cemetery.

Midnight Marauder Visit the House Of Newbells

"The basket's gone," were the words spoken by one of the guests at the home of Mr. and Mrs. A. C. Corless, last Thursday night, that put a silence over the whole room after unknown persons had entered the kitchen in search of delicacies and when hope could be found, took the parcels that had been brought by members of the Pludson Sunday School class to present to the newly married couple.

Silence only reigned for a few moments. A posse was formed by the majority of guests to hunt for the lost treasure. Searchlights were requisitioned but the chase was in vain. It would be well to say that no shots were fired. After a little parleying, Mr. Corless came out and found the basket on the veranda.

The party broke up in the wee small hours of the morning and best wishes were showered upon Mr. and Mrs. Corless in the new path that they are beginning to tread.

The Rev. S. D. Webster and his bride, who have been spending their honeymoon in eastern Canada and United States, returned last Saturday.

On Monday evening the parsonage presented a gay appearance when the members of the Ladies Aid and the congregation of the Methodist church, gave a reception in honor of Reverend and Mrs. Webster and surprised them with a shower. In spite of the short notice quite a large gathering was present and a most enjoyable time was had. The Newlyweds were the recipients of many beautiful and useful presents and the well wishes of the entire community is extended to them.

grain commission company in the hope that they might improve conditions under which grain was sold in Western Canada. They worked under handicaps and against heavy competition, but succeeded. Later other organizations were formed in Canada, each with co-operation the key-note. What they have achieved is well known. Soon there was a demand for closer co-operation among these companies in their business efforts, and now—

By a practically unanimous vote of their thousands of shareholders, these companies have joined hands so that they can work together in the interests of the farmers of Western Canada. The problems of marketing the products and supplying the needs of farmers are identical throughout Manitoba, Saskatchewan and Alberta. This union of the two old companies with shareholders running well over 30,000, with assets exceeding \$3,000,000.00, with over 300 country elevators, with terminal elevators at Fort William and Port Arthur, with machinery and supply warehouses in Calgary, Regina and Winnipeg, and with an efficient organization under the supervision of a board of farmer directors having full knowledge of the farmers' needs, provides a company that can give maximum service to Western farmers.

Value Of Eggs

By comparing the composition of the egg with that of lean meat, we can be noticed that eggs make a good food for meat. Nine orange-sized eggs weigh one pound and contain about the same amount of nourishment as one pound of beef. As eggs contain no starch or sugar, they should be served with starchy foods as rice, bread, fruit, potatoes and other vegetables or made into puddings with sugar, tapioca, or similar material.

Raw eggs are very easily digested. The digestibility of cooked eggs depends upon the manner in which they are cooked. They should be cooked at low temperature. Egg albumin begins to coagulate at 134 degrees F., becomes jelly-like at 160 degrees F., and is completely coagulated at 212 degrees F. It becomes very tough, leathery, mass, and very indigestible.

The German soldier could decide that the death of one man would be justified if so large a ship could be destroyed, and that the suffering of one man was the sum of the suffering no matter how many persons were drowned. The theory is to calculate in mistaking the fact of death for the circumstances of death. The suffering of a slain man may be momentary. Generally death is painless. The impact of the deed upon the relatives left behind, is the only suffering that is felt long after his time than for his widow and his children, for his parents or his sweetheart. To say Canada is afflicted as much by overbearing of a monster and by the killing of a released slave as by the death or wounding of 95,000 men in the front is so mad a sophism none but Germans could accept. High prices of food stuffs are due, partly to the shortage of food, partly

ly to waste in handling and, partly, to manipulation of the markets and to speculation. It is estimated that 80 per cent of the Canadian farmers

sold their wheat last fall at \$1.40 per bushel. Who received the difference between that price and \$2.80 per bushel, the price which recently prevailed? Here is work for the food controller or a food dictator. The people are becoming restive respecting the speculation in wheat and in all other food products and would be glad to see the elimination of the speculator. Wherever profits are abnormal and unreasonable they should be confiscated.

Betty was milking the cow when the mad bull tore over the meadow. Betty did not stir, but continued milking. Observers who had run in to safety saw to their astonishment that the bull stopped dead within a few yards of the maid and cow, turned round, and went away sadly.

"Weren't you afraid? Why did he run away?" asked everyone of Betty.

"He got scared," said Betty. "This cow is his mother-in-law."—Good Jest.

A big dance will be held at the school on Friday, Oct. 3, in aid of the Red Cross Society. This is the first dance of the season and the organizers are desirous that a large crowd be present. A nice piece orchestra will supply the music and a good time is anticipated.

A little excitement was aroused last Monday afternoon when the lead team belonging to J. McKenna, broke from a loaded grain tank which was sunk at considerable depth in the mud, dashed down Main street, and were stopped only after practically the entire populace had gathered. Fortunately, but for a few minor bruises on the animal's legs and some broken harness, no ill effects were produced.

A meeting of the rate-payers of the Oyen School District will be held in the Schoolhouse on Friday, Sept. 25, at 1:30 p.m. for the purpose of electing trustees and discussing matters pertaining to the school.

R. L. Simpson of Calgary has accepted a position on the staff of S. A. Miller & Co. here. Mr. Simpson is a returned veteran of the Princess Patricia's, and enlisted with the first university company. He was wounded in the third battle of Ypres, where they had the glory of holding back the Germans till reinforcements came. Mr. Simpson was slightly wounded in this battle and, after a short leave, was sent back to the front and took part in the battle of Courcelles where he received gun-shot wounds in the shoulder. He is the brother of Major Simpson who is now serving at the front.

Pte. R. Simpson, another war veteran, returned to his home at Cappon on Sunday last. Pte. Simpson has been through several engagements and can tell some thrilling stories of his experiences. He was wounded by gun-shot, which resulted in the loss of one eye.

The regular sewing meeting of the Oyen Red Cross Society will be held at the home of Mrs. W. H. Peterson on Thursday evening, Sept. 25.

Unexpected Finish To Wrestling Match

The wrestling match between Conner and Anderson, which was held in the arena erected in the Peterson garage, ended with a decision for Conner.

As the men appeared on the mat it seemed as if Conner stood a very poor chance against Anderson, who was a great deal heavier. But to the surprise of Anderson, Conner was no easy victim. At the very commencement, Conner was out to attack and certainly showed superior tactics when in a tight corner. After wrestling hard for about forty-seven minutes, Conner threw his opponent, using the arm bar and wrist hold.

When the men again appeared, Anderson was the aggressor. Conner was not going to be caught and put up one of the most stubborn fights of his career. Again and again Anderson would get Conner in a fix, but with no success. This occurred several times until, at last, Conner had to yield when Anderson got him with a compound head scissor, half nelson and hammer-lock, throwing him in twenty minutes.
